CHORUS MOTORS PUBLIC LIMITED COMPANY

Gibraltar Registered No. 68312

DIRECTORS' REPORT

The directors submit their report and the audited financial statements for the year ended 31 March 2005.

Corporate Profile

The Company was incorporated on 18 March 1999 in Gibraltar. The Company's shares are publicly traded in the United States over-the-counter (OTC) market and quoted as CHOMF on the Pink Sheets at www.pinksheets.com. The last reported trade was at \$11.00 per share, with the yearly high at \$21.00 per share, and the low at \$4.00 per share.

Activities

The principal activity of the Company is that of researching, developing building and marketing the Chorus® Meshcon™ Technology.

Results and Review of Business

The results for the year are shown in the Profit and Loss Account on page 6.

Borealis Technical Limited (Technical), the parent company, has conducted basic industrial research on its Chorus Meshcon motor technology since 1994, through itself and more recently through Chorus Motors plc. Chorus Motors plc has exclusive world rights to manufacture and market the Chorus Meshcon motor technology for which there are many patents issued and pending. All of the research expenditures to date have been undertaken by Technical and funded by Technical, and currently principally funded through the sale of shares in the subsidiary by the ultimate parent of the Company. All share sales proceeds by Chorus Motors plc are lent to Technical. Chorus Motors plc has no debt or any financial obligations of any sort at the present, as all its costs are met by its parent. When Chorus Motors plc begins operations as a stand alone licensing, manufacturing and sales company for the Chorus motor technologies, then Chorus Motors plc will assume the normal financial obligations for its type of business and trade. This is the culmination of many years of work.

The Chorus Meshcon technology is a novel electric motor/drive combination that uses electromagnetic harmonics to greatly increase the motor's torque. A Chorus system is smaller, lighter, and is expected to sell for a premium over a conventional motor with the same output. It is ideal for traction applications such as electric cars and trains.

WheelTug plc was incorporated on 9 February 2005, as a subsidiary of Chorus Motors plc, and is the assignee of the WheelTug™ programme announced with Boeing Phantom Works on 8 November 2004. The WheelTug technology may well be the first of our technologies brought to market.

An Intellectual Property Agreement was signed effective 1 January 1999, whereby Technical has granted the Company the exclusive worldwide rights for sublicensing the Chorus motor technology. In consideration for the rights granted to the Company, the Company shall pay Technical an 8% royalty based on net sales of licensed products and services sold by the Company and 50% of all sublicense income. To date, the Chorus motor technology is still under development such that the Company has not made any related sublicense.

DIRECTORS' REPORT (Continued)

Results and Review of Business (Continued)

The Company has been in the development stage since its inception. The Company intends to retain its sublicense rights granted by Technical. These financial statements have been prepared in accordance with generally accepted accounting principles with the assumption that the Company will be able to realize its assets and discharge its liabilities in the normal course of business rather than through a process of forced liquidation. From inception to 31 March 2005, the Company has lent money raised on its behalf to Technical and Borealis Exploration Limited, who are also in a development stage.

The present circumstances therefore raise certain doubts about the ability of the Company to continue as a going concern. Management of the Company has indicated they have no intention to demand repayment of the amounts owing from Technical until the Chorus motor technology is being sold in the marketplace, and the Company is financially independent. The Company and Technical are actively working together to negotiate product sales or further sublicensing of its technology to various parties, which is expected to generate profitable operations in the future. To the extent additional funds are required, the Company will attempt to raise these funds through future sales of products and licences and perhaps by further issues of shares. There can be no assurance that the Company will be successful in its actions. The financial statements do not contain any adjustments that might be necessary if the Company is unable to continue as a going concern.

During the 2000 fiscal year, the Company further entered into an agreement with a certain contractor of Technical. Pursuant to this agreement the Company is granting the contractor certain sublicensing rights for the Chorus motor technologies in the Canadian market. In consideration for the rights granted to this contractor, the Company will be entitled to a 4% royalty based on net sales of licenced products and services sold by the contractor and 50% of all sublicense income in the Canadian market.

Dividends

There were no dividends declared during the year.

REPORT OF THE AUDITORS

To the members of Chorus Motors Public Limited Company

We have audited the financial statements on pages 6 to 11, which have been prepared under the historical cost convention and the accounting policies set out on page 8.

This report is made solely to the Company's members as a body, in accordance with the Companies Ordinance 1930. Our audit work has been undertaken so that we might state to the Company's members those matters we are required to state to them in an auditor's report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the Company and the Company's members as a body, for our audit work, for this report, or for the opinions we have formed.

Respective responsibilities of directors and auditors

As described in the report of the Directors, the Company's Directors and management are responsible for the preparation of financial statements. It is our responsibility to form an independent opinion, based on our audit, on those statements and to report our opinion to you.

Basis of opinion

We conducted our audit in accordance with Auditing Standards issued by the Auditing Practices Board in the United Kingdom. An audit includes examination, on a test basis, of evidence relevant to the amounts and disclosures in the financial statements. It also includes an assessment of the significant estimates and judgements made by the directors in the preparation of the financial statements and of whether the accounting policies are appropriate to the Company's circumstances, consistently applied and adequately disclosed.

We planned and performed our audit so as to obtain all the information and explanations which we considered necessary in order to provide us with sufficient evidence to give reasonable assurance that the financial statements are free from material misstatement, whether caused by fraud or other irregularity or error. In forming our opinion we also evaluated the overall adequacy of the presentation of information in the financial statements.

In forming our opinion, we have considered the disclosures made in Note 1 of the financial statements in connection with the application of the going concern basis and the uncertainty with regards to securing continued financial support. In view of the significance of these matters we consider they should be drawn to your attention but our opinion is not qualified in these respects.

Opinion

In our opinion the financial statements give a true and fair view of the state of affairs of the Company as at 31 March 2005, and of the loss for the year then ended in accordance with Gibraltar Accounting Standards and have been properly prepared in accordance with Gibraltar Companies Ordinance 1930 and the Gibraltar Companies (Accounts) Ordinance 1999.

CHORUS MOTORS PUBLIC LIMITED COMPANY

Gibraltar Registered No. 68312

NOTES TO THE FINANCIAL STATEMENTS for the year ended 31 March 2005

1. PRINCIPAL ACCOUNTING POLICIES

The financial statements have been prepared in accordance with Gibraltar Accounting Standards and the Gibraltar Companies Ordinance 1930 and the Gibraltar (Companies Accounts) Ordinance 1999 (together, 'Gibraltar GAAP').

a. Basis of accounting

The financial statements are prepared in accordance with the historical cost convention.

b. Revenue

Revenue was received for delivery of WheelTug™ prototype products for end user testing by The Boeing Company. The performance of this contract was passed onto the parent company, who has therefore increased the management charges to allow for these costs.

c. Reporting currency

The Company's financial statements are presented in US dollars, which is the functional currency for operations.

d. Foreign currency translation

Transactions in foreign currency are recorded at the rate at the date of the transaction. Any monetary assets or liabilities denominated in foreign currencies are retranslated at the rate of exchange ruling at the balance sheet date.

e. Consolidation

Consolidated accounts are not presented since the accounts of the company and its subsidiaries are consolidated in the accounts of the ultimate parent company.

f. Going Concern

These financial statements have been prepared under the going concern concept, which assumes that the Company will continue in operational existence for the foreseeable future having adequate funds to meet their obligations as they fall due. Further information is set out in the Directors' Report on pages 2 to 4.

g. Cash Flow Statements

The Company meets the size criteria for a small company set by the Companies Act 1985, and therefore, in accordance with FRS1: Cash Flow Statements, it has not prepared a cash flow statement.

h. Taxation

The Company has been granted exempt status under the Gibraltar Companies (Taxation and Concessions) Ordinance. Providing the Company continues to satisfy the criteria for such status, including the payment of an annual government charge of £225 it will not be subject to Gibraltar Corporation Tax until 2010, the date at which the status of all Gibraltar exempt companies will be subject to new legislation.
